

Power of 10

Purpose:

The Power of 10 Leadership Academy is an OMVA benefit designed to assist recent graduates in developing a foundation of skills in leadership, communication, and business. The Power of 10 Leadership Academy will also provide learning experiences to enrich the individual, the individual's practice, community, and the profession.

How It Works:

Ten participants will be selected to participate in the Power of 10 Leadership Academy. These individuals must have graduated from a college of veterinary medicine within the last ten years. The OVMA will host five leadership development sessions commencing in July and culminating in January 2018. The OVMA will provide topic experts and meeting expenses at no charge for participants. These sessions will not only develop leadership skills and create a deeper understanding of related topics but will also create lasting bonds with other members of the leadership academy class.

In person learning experiences will be held during the weekday at no cost to the participants with meals and snacks provided. Each participant will be responsible for their own travel expenses. These sessions are eligible to be used towards 6 hours* of CE credit.

Key Benefits:

The academy is designed to develop leadership skills, personal brandings, and emotional intelligence. It is also usefully for gaining the competency to use these skills within ones' practice, life, and community. The academy will heighten awareness of one's self and better understand how to maximize interactions with those around you. Participating in this leadership academy will provide a supportive environment to create meaningful relationships and lifelong interactions. All while building a strong network within the Oklahoma veterinary community.

Facilitator:

Dr. Yalonda Burton will be the facilitator for the 2017 Power of Ten Leadership Academy. She completed the program in 2012 and runs a mixed animal practice in Stilwell, OK. She served on the OVMA board from 2012 – 2016 as District Director, Vice President, President-Elect, President, and Past President.

*To earn 6 hours of CE credit, 4 hours can be earned in Presentations & Publications and 2 hours can be earned in Mandatory Review of CDS Law

Power of 10

Insights Training: July 18, 2017- OVMA Office, Oklahoma City, OK; 10am- 4pm

This session is geared to learning more about yourself, how others see you, and how to communicate effectively. After taking the insights personality profile questionnaire we will meet together to learn about the different personality types and effective strategies for dealing with others. This session develops communication skills vital to building a team, communicating with clients, your spouse, family, and friends. This is the key to personal effectiveness.

Session sponsored by:

FRANK: August 15, 2017- TBD; 10am- 3pm

The frank:™ Communication Series offers veterinarians expert guidance on enriching the veterinarian-client-patient interaction which is at the very heart of a successful clinical practice. More than 30 years of research in medical communication demonstrates the value of implementing shared decision-making into client communication. The evidence shows improved clinical outcomes, including compliance, and increased client and veterinarian satisfaction. The frank:™ Communication Series offers workshops designed to help veterinarians enhance their communication skills in the same fashion as they would learn any other skill – they are taught the concepts and then practice them in a clinical setting.

Session sponsored by:

Financial & Personal Wellness: October 24, 2017- OCA Board Room; 10am-3pm

Life is hard. Learn how to take better care of yourself personally and financially. During this session we will learn how to financially prepare for the future and deal with debt. For your personal wellness we will have interactive dialog on topics such as managing stress, self-care, alcohol and drug abuse, suicide, and compassion fatigue.

Session sponsored by:

Board Basics: November 14, 2017- OSBVME Board Room; 10am- 3pm

Learn what roles the OSBVME and the OBNDD play in your practice. This session will include a panel discussion from OSBVME board members and veterinarians who have worked with the board when mistakes happen. The OBNDD will be there to talk about the PMP and your Controlled Substance License.

Session sponsored by:

Next Steps: January 25, 2017- Embassy Suites, Norman, OK; 11-6pm

As we wrap up our Pof10 journey learn how to get involved with the OVMA and AVMA. We will discuss the structure of the OVMA and AVMA and spend some time with AVMA leadership. We will end the day with the OVMA board meeting and dinner.
